# National suggestions to the next Joint Operation

- Suggestions:
- Possibility of extension of activities on river Danube on territory of Police Administration vukovarsko-srijemska
- Checks on river BCP Vukovar
- Same national tasks – facilitation of illegal immigrations, tobacco smuggling, detection of wanted persons, detection of forged documents etc., with standard methodology for river BCPs

## Information exchange issue:

- Information flow was very good
- Data exchange form doesn't need any changes
