Mission of the BSRBCC

Rajavartiolaitos
Gränsbevakningsväsendet
The Finnish Border Guard

- *BSRBCC is an operational and effective multinational inter-agency cooperation, counteracting border-crossing crime with a maritime focus.*
- *BSRBCC offers a modern network for the exchange of information, knowledge and best practices, in order to develop a joint approach to future challenges.*
- *BSRBCC supports existing systems aimed at ensuring maritime safety, as well as environmental protection and fishery surveillance.*
- *BSRBCC is a forerunner in harmonising the relationship and cooperation between authorities dealing with maritime and border security issues in the Baltic Sea region.*

CoastNet

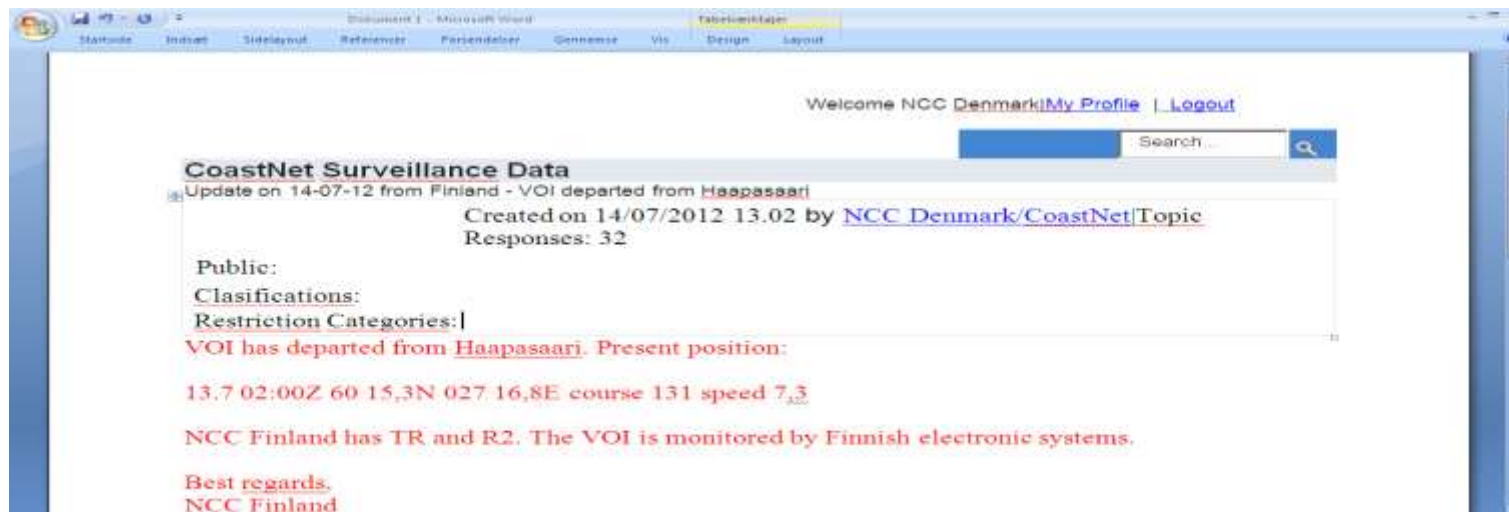

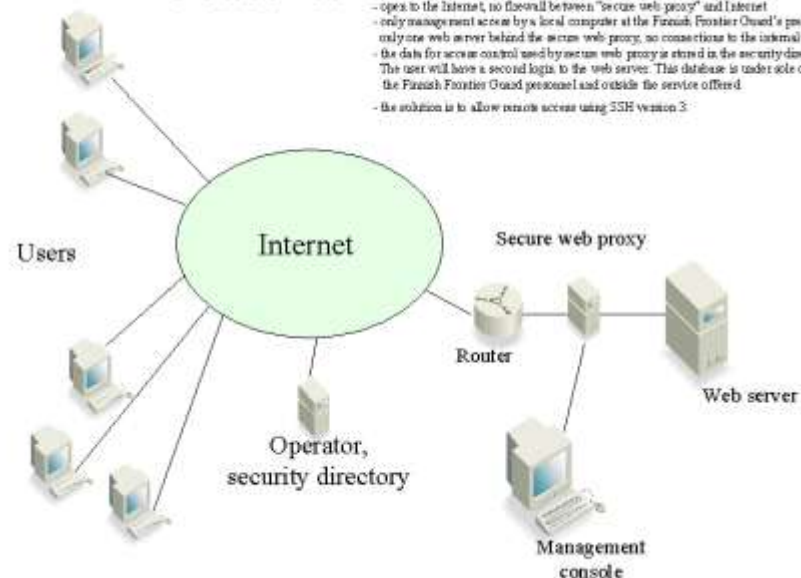

Rajavartiolaitos
Gränsbevakningsväsendet
The Finnish Border Guard

- ✓ Secure System for change of information for over 10 years
- ✓ Chat
- ✓ Active use operations and analysis process

Coastnet

Characteristics are

- opens to the Internet, no firewall between "secure web proxy" and Internet
- only management access by a local computer at the Finnish Frontier Guard's position
- only one web server behind the secure web proxy, no connections to the internal network
- the data for access control used by secure web proxy is stored in the security directory. The user will have a second login to the web server. This database is under sole control of the Finnish Frontier Guard personnel and outside the service offered.
- the solution is to allow remote access using SSH version 3.

What is BSRBCC?

BSRBCC - Baltic Sea Region Border Control Cooperation

BSRBCC is seen as a flexible regional tool for daily inter-agency (Police, Customs and Border authorities) interaction to combat cross-border crime and environmental protection of the maritime areas, able to adjust with time and changing conditions.
